CALVADOS MILLÉSIME

1975

Calvados Domfrontais

Comte Louis de Lauriston

A : copper coloured.

N : complex, with fragrances of juniper berries associated to roasted chocolate.

B : Appley and cidery flavoured with a good length on the palate.

" Bursting with fruit, and an estery note betraying the presence of pears in the mix. On the palate the fruit keeps on the crisp side with strong acidity ensuring a long finish. Typical Domfrontais."
